containing the proceedings of the convention

the phenomenon of travelling reforms has become an object of great professional interest and intensive academic scrutiny the fact that the same set of educational reforms is transferred from one country to another made scholars wonder whether policy transfer has increased as a result of globalization but also the fact that policy makers increasingly import best practices and international standards and use them as a tool to accelerate reform has captured the imagination of many that deal with policy studies an international comparative perspective is key for understanding why reforms travel from one corner of the world to another not surprisingly the study of policy borrowing and lending constitutes one of the core research topics of comparative policy studies a new area of research that links comparative education with policy studies the world yearbook of education 2012 brings together a diverse range of perspectives on education policy through contributions from internationally renowned authors it reflects on the way policy borrowing and lending is reconfiguring the world of education and offers a new collection of insights into the changes occurring across the world it particularly focuses on the political and economic reasons for policy borrowing the agencies international networks and regimes that instigate policy change the process of borrowing and lending the impact of these systems agendas and institutions on indigenous settings this book will prove invaluable to researchers of globalization and to policy experts especially those interested in comparative and international educational studies it is also essential reading for undergraduate and postgraduate students and anyone involved in the sociology economy or history of education gita steiner khamsi is professor of comparative and international education at teachers college columbia university new york us florian waldow is research director at the university of münster germany

this volume considers the ways in which educational research is being shaped by policy across the globe policy effects on research are increasingly influential as policies in and beyond education drive the formation of a knowledge based economy by supporting increased international competitiveness through more effective evidence based interventions in schooling education and training systems what consequences does this increased steering have for research in education how do transnational agencies make their

influence felt on educational research how do national systems and traditions of educational research and relations with policy respond to these new pressures what effects does it have on the quality of research and on the freedom of researchers to pursue their own agendas the 2006 volume of the world yearbook of education explores these issues focusing on three key themes globalising policy and research in education steering education research in national contexts global local politics of education research the 2006 volume has a truly global reach incorporating transnational policy perspectives from the oecd and the european commission alongside national cases from across the world in contrasting contexts that include north and south america canada france singapore china russia and new zealand the range of contributions reflect how pervasive these developments are how much is new in this situation and to what extent evidence based policy pressures on research in education build on past relationships between education and policy this book considers the impact of the steering processes on the work and identities of individual researchers and considers how research can be organised to play a more active role in the politics of the knowledge economy and learning society

this latest volume in the world yearbook of education series focuses on educational elites and inequality focusing particularly on the ways in which established and emergent groups located at the top of the social hierarchy and power structure reproduce establish or redefine their position the volume is organized around three main issues analyzing the way in which parents students and graduates in positions of social advantage use their assets and capitals in relation to educational strategies and how these are different for old and new and cultural and economic elites studying how elite institutions have adapted their strategies to take into account changes in the social structure in policy and in their institutional environment and exploring the impact of these strategies on educational systems at the national and global levels mapping the new global dynamics in elite education and how new forms of international education and transnational cultural capital as well as new global educational elite pathways shape elite students identities status and trajectories making use of a social and an institutional approach as well as a focus on practices and policies the volume draws on research conducted on secondary schools and on higher education in addition the global contributions within the book allow for a comparison and contrast of situations in different countries this results in a comprehensive picture of common processes and national differences concerning advantage and excellence and a thorough examination of the impact of globalization on the strategies identities and trajectories of elite groups and individuals alongside more general cultural and economic processes

includes proceedings reports statistics etc of different county and district agricultural institutes and societies

the cambridge yearbook of european legal studies provides a forum for the scrutiny of significant issues in eu law the law of the european convention on human rights and comparative law with a european dimension and particularly those issues which have come to the fore during the year preceding publication
